# KEY Features

**Get in and out of anywhere with this Super-Versatile Jet! This impeccable 2023 Pilatus PC-24 opens up thousands of additional airports across the country that other jets cannot operate in. In addition to having a Flight Data Recorder for top-of-the-line safety, this aircraft boasts a class-leading cabin size and comfort, bringing you and your passengers closer to your destination, thereby saving both time and money.**

**Currently on a Part 135 charter certificate, it offers immediate revenue-generating potential for its next owner.**

*\*All specifications are subject to purchaser verification*

\*Aircraft is currently in operation, so times may vary

## ENGINES

Engine Maintenance Program: Williams International TAP Blue

### Engine 1

Model: Williams FJ44-4A-QPM

Serial Number: 295375

Total Hours: 909.5

Cycles: 850

TBO: 5,000

### Engine 2

Model: Williams FJ44-4A

Serial Number: 295376

Total Hours: 909.5

Cycles: 757

TBO: 5,000

## MAINTENANCE

Maintained: FAR Part 135

Airframe Maint Program: None

Tracking Program: CAMP (Status Report / Due List available upon request);

Scheduled for 12/36 month inspections September 2025

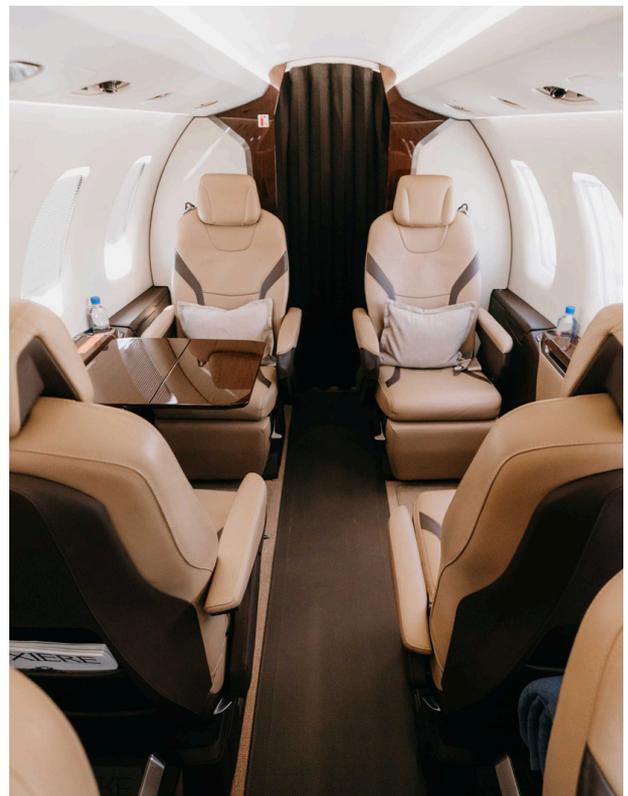

General: Two owners since new

\*All specifications are subject to purchaser verification.

# Avionics

- Advanced Cockpit Environment (ACE), Powered by Honeywell
- 2 12" Primary flight display flat panel units
- Smartview synthetic vision system on each primary flight display
- 2 Primary flight display controllers
- 1 Integrated global navigation system sensor unit with satellite-based augmentation system receiver
- 2 Audio/marker panels
- 1 Dual-channel autopilot with dual yaw damper
- 1 Flight guidance panel
- 2 12" Multi-function display flat panel units
- 1 Touch screen controller
- 1 Cursor control device
- Switch panels
- 2 Mode S diversity transponders with Automatic Dependent Surveillance - Broadcast (ADS-B) OUT functionality
- 2 Multi-mode digital radios
- 2 Attitude reference systems comprising of 1 inertial reference system and 1 attitude heading reference system and magnetometer
- 1 Distance measuring equipment
- 1 Radar altimeter
- 1 Integrated enhanced ground proximity warning system class B
- Traffic Collision Avoidance System (TCAS) I Autothrottle system
- Tactile feedback (roll and pitch)
- Automatic yaw trim
- Dual Flight Management System (FMS)
- Localizer Performance with Vertical Guidance (LPV) approach capability
- Utilities management system
- Dual pitot-static systems

# Avionics

- Dual-angle of attack sensors
- 1 Required Navigation Performance 2100 weather radar
- Rader Altimeter 5G Filter to operate safely within the 5G environment
- 1 Electronic standby instrument system with dedicated pitot-static system and magnetometer
- 1 Emergency Local Transmitter (ELT) 406 MHz with a remote switch, a global positioning system, and a navigation interface
- 1 Flight time recorder (Hobbs meter)

# Features

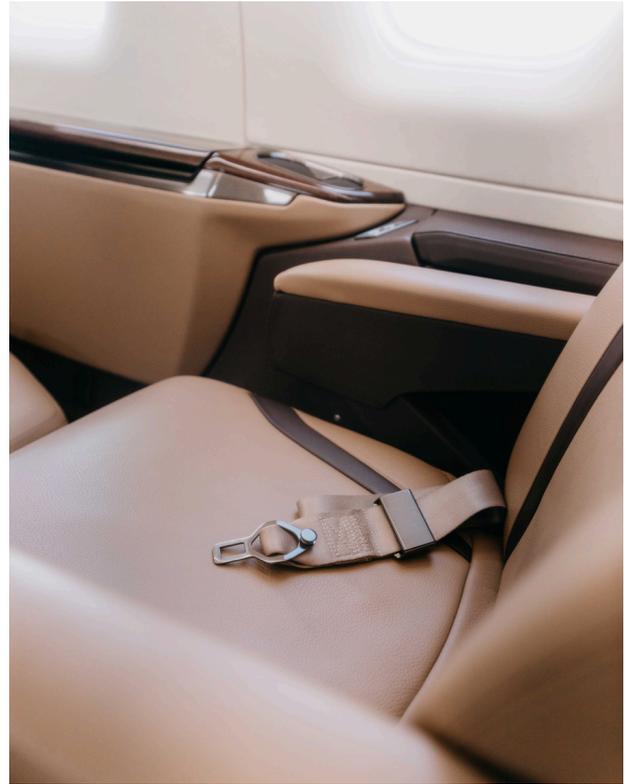

- Flight Data Recorder (FDR)
- Turnkey Part 135 for immediate charter revenue
- ADS-B Out
- ADS-B In
- CDTI
- Wireless-connected flight deck
- 2D airport maps
- FMS TOLD
- Dmart Runway & Smart Landing
- King KMA-29A
- Sirius XM basic & advanced satellite graphical weather
- Dual Honeywell charts
- Unpaved operations kit
- Lithium-Ion batteries
- Logo light
- Pulse recognition lights

\*All specifications are subject to purchaser verification.

# Interior

- **Configuration/PAX:** Executive/10 passengers
- **Seating:** Custom Sedonna interior package
- **Cabinetry/Wood:** Rich dark woodwork, with double-club writing tables
- **Entertainment:** Integrated cabin management system
- **WiFi:** Gogo AVANCE L3
- **Accessories:** Entry lighting upgrade, USB charging ports
- **Lavatory:** Forward lav

# Exterior

- **Colors:** Matterhorn white with gloss red & platinum silver matalic accents
